

Automatic Aligning and Rack Loading Machine

ARL-605

Specifications

Dimensions: 4,300 (L) x 2,150 (W) x 1,800 (H) mm

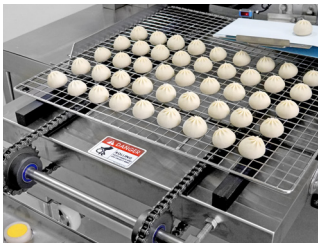

Power: 3.35 kW

Weight (net): 485 kg

Compatible with AS-610 Gas Steamer

Steaming tray size: 605 (L) x 605 (W) mm

* Specifications are subject to change without notice.

Customized Tray Fitting

ANKO offers a selection of baking sheets, steaming trays, metal trays, and stainless steel racks with different dimension, to best suit your production specifications.

Greater Production Efficiency and Food Safety

The machine precisely aligns food products on the trays, ensuring each piece is perfectly formed. Food factories utilize automated production to reduce human contact with food to improve overall hygiene and food safety.

Human-Machine Interface is Designed for Great Location Accuracy

The interface is designed to enable precise food placements and has nine sets of parameter memory settings.

Smart Sensor to Prevent Production Losses

When trays are missing, the machine will automatically stop and activate a warning siren.
