Specifications

Capacity:
9,000 pcs/hr
 Product weight:
14-35 g/pc
 Type: Triple line
 Dimensions: 1,510 (L) x 1,270 (W) x 1,965 (H) mm
 Power: 3.3 kW
 Optional accessories: CE kit

* Production capacity is for reference only. It'll change according to different product specifications and recipes. Specifications are subject to change without notice.

Increase production capacity and raise revenue

Compared to the double-line shumai machine, the production capacity of the triple-line shumai machine increases by 50%, which means that your output could increase by 24,000 pieces to 72,000 pieces per day (8 hours).

User-friendly design reduces operator fatigue

With the enhancement of the mechanism design, the shumai machine can run smoothly and quietly that not only gives a longer lifespan of machine, but also helps build a friendly working environment to reduce operator fatigue.

Watch Video

Distance between shumai in a row and between lines are adjustable

To facilitate manual packaging and automatic tray arranging.

Equipped with a sensor to control filling system

To avoid food waste, the filling system extrudes filling only when the sensor detects wrapper.

WITH FLEXIBILITY TO MAKE UNIQUE SHUMAI
